**Description**

Built to fit your needs, our single-axle series is ready for anything you can throw at it --- or on it. Lots of features packed in, some of the key features not found on some other units include: Urethane paint with epoxy primer (many will be acrylic or powdercoat), pinstriping, Bulldog jack, Grey paint, 4" drop axles (nearly every utility is straight axles, drops also give a 4" higher sidewall than most), tube top rail and uprights (ILO typical angle iron), and tube gate crossmembers (ILO angle iron),

Standard with high-quality axles and tires, these 12 or 14 foot trailers are made to haul. Set yourself up for easy payload moving with a customized CornPro to fit your needs.

**Standard Features:**

- 3" x 2" x 3/16" frame
- 24" on center cross-members
- A-frame tongue
- 79" width (between fenders)
- Tube-rail package
- Bead-blasted pre-paint
- PPG epoxy primer and urethane paint
