Description

OVERSTOCK SALE. THIS UNIT IS ON CLEARANCE. NOT ELIGIBLE TO BE TRANSFERRED, OR TO BE COMBINED WITH ANY OTHER PROMOTIONS. PRICING IS GOOD FOR THIS IN STOCK UNIT ONLY.

This is an awesome trailer for loading a single piece of equipment, such as a bobcat, mini-ex, compact tractor, etc. The cushion dampener makes the decent seamless and controlled. The load angle is very low, allowing for loading low profile items as well, such as scissor lifts. A tilt has a few main benefits, including the ability to overhang, no beavertail to drag, full width loading, and an extremely low load angle due to drop axles. The 4' section in the front makes it handy for loading longer items like a full size truck, or for an attachment for a bobcat.
