All-Aluminum Construction

EZ Hauler features all-aluminum construction on all its cargo movers because it's strong and lightweight, making the trailer efficient.

Flat Front w/ Cast Corners

For durability, protection and good looks, EZ Hauler cargo haulers are designed with a flat front and cast aluminum corners.

Braked Leaf Spring Axle

From its low upfront costs and easier maintenance, braked leaf spring axles are reliable, durable and allow for more even wear than others.

24" Stoneguard

You want your cargo hauler to look as great as it functions. EZ Hauler cargo trailers include a 24" stone guard to protect your investment.

Water Resistant Deck

These cargo haulers are tough inside and out. Our water-resistant deck means you can look forward to years of dependable operation.

Interior Dome Lights

Never stumble around in the dark without light while looking for something again thanks to the interior dome light.
