Description

THIS IS THE MANUAL TILT MODEL, WE ALSO STOCK THE POWER MODEL AS WELL. THE MANUAL TILT WOULD BE VERY SIMILAR TO THE OPERATION OF A FLOOR JACK.

SPEED LOADER TILT CAR HAULER TRAILER

The Speed Loader Tilt Car Hauler trailer is the industry's leading tiltbed. Whether using the manual or electric tilt, there is no struggling with the inconvenience and strain of heavy steel ramps. Efficient, convenient, and ease of operation, the Speed Loader Tilt Car Hauler trailer is the smart choice.

A tilt trailer is nice as it gives full width loading, and has no beavertail at the rear to possibly drag on an uneven surface. This unit is ideal for cars, but can be used for a handful of other purposes, like a pair of UTV's, light truck, car, compact tractor, etc. Some features we like on this model include: Integrated slimline LED tail lights, 7K dropleg jack, 6" channel frame, HD channel crossmembers, ATP rock guard on the fenders, extra stake pockets, etc.

Watch a video of this model trailer here: https://www.youtube.com/watch?v=8b_XLIws8f0
From the manufacturer: https://youtu.be/G_Mz17VcnQk
